Re: Statement of Assurance

As Vice Dean of Mary Lou Fulton College for Teaching and Learning Innovation (MLFC) at Arizona State University (ASU), I confirm once MLFC becomes a California Commission-approved educator preparation program, MLFC will make the website accessible to the public so the public may obtain basic information about the institution's programs and requirements. The website will not require login information such as access codes/password, etcetera. MLFC and ASU will make public information about its mission, governance and administration, admission procedures, and information about all Commission-approved educator preparation programs.

Kind Regards,

Vice Dean  
Division for Advancing Educator Preparation
