

Welcome to Arizona State University

You are now on your way to becoming part of the most innovative and forward-thinking university in the U.S. At ASU, you'll meet people from all over the world — people with different views, economic backgrounds, you name it. Everyone is welcome and accepted here. It's even in our charter:

"ASU is measured not by whom it excludes, but by whom it includes and how they succeed."
– Excerpt from the ASU Charter

We created this packet to welcome you to the ASU community and help you prepare for your first year — plus we included some fun items. You will be receiving a lot of information about ASU in the coming months. This packet highlights the most important things to know as you prepare to become an ASU student.
