

## Ira A. Fulton Schools of Engineering

Ira A. Fulton Schools of Engineering ASU has conducted research on all programs that lead to licensure, or certification, or endorsement, or those that a student could reasonably believe lead to such licensure, certification, or endorsement. The Professional Licensure by State table indicates program curriculum either meets, does not meet or has not been determined for licensure, certification, or endorsement requirements.

The information provided does not provide any guarantee that any particular state licensure or certification entity will approve or deny a candidate's application. Furthermore, this disclosure does not account for changes in state law or regulation that may affect a candidate's application for licensure that occur after this disclosure has been made. In addition to the information provided here, students are strongly encouraged to contact their State's licensure entity to review all licensure and certification requirements imposed by their state(s) of choice.

For specific questions, please contact [Fulton Schools](#).
