

College of Health Solutions

College of Health Solutions ASU has conducted research on all programs that lead to licensure, or certification, or endorsement, or those that a student could reasonably believe lead to such licensure, certification, or endorsement. The Professional Licensure by State table indicates program curriculum either meets, does not meet or has not been determined for licensure, certification, or endorsement requirements.

This information does not provide any guarantee that any particular state licensure or certification entity will approve or deny a candidate's application. Furthermore, this disclosure does not account for changes in state law or regulation that may affect a candidate's application for licensure that occur after this disclosure has been made. In addition to the information provided here, students are strongly encouraged to contact their State's licensure entity to review all licensure and certification requirements imposed by their state(s) of choice.

For specific questions, please contact [College of Health Solutions](#).

If you are considering a program that leads to professional licensure or certification, it is important that you contact the program director or degree coordinator with direct oversight of the academic program you are interested in for licensure and certification requirements.

[Clinical Exercise Physiology, MS](#)

Optional national certification is available for ACSM Certified Exercise Physiologist® (ACSM-CEP®) through the [American College of Sports Medicine](#).

[Exercise and Wellness, BS](#)

Optional certification and registration are available. Clinical exercise scientists may register with the American College of Sports Medicine. The organization certifies exercise scientists as Exercise Scientists-Certified. For more information about certification and registration, go to [American College of Sports Medicine](#).

[Health and Wellness Coach, Certificate](#)

Eligibility to sit for the [National Board Certified Health & Wellness Coaches \(NBC-HWC\)](#) is based on completing an NBCHWC-approved Health & Wellness Coach Training and Education program. This program is intended to lead to certification in any state. The Health and Wellness Coach profession is not licensed, NBC-HWCs can practice anywhere in the world as long as they are abiding by the local laws surrounding health coaching.

[Health Education and Health Promotion, BS](#)

[Online Bachelor of Science in Health Education and Health Promotion](#)

The Health Education and Health Promotion program at ASU qualifies students to sit for the Certified Health Education Specialist Exam (CHES®) offered by the [National Commission on Health Education Credentialing](#). CHES® is a national and globally recognized credential that can improve employment opportunities for health professionals.

[Health Education Specialist, Certificate](#)

Students in the health education specialist certificate program gain foundational knowledge in public health education and health promotion and in competencies needed by certified health education specialists. This qualifies graduates to sit for the Certified Health Education Specialist Exam (CHES®) offered by the [National Commission on Health Education Credentialing](#).

[Health Sciences \(Healthy Lifestyles and Fitness Science\), BS](#)

[Online Bachelor of Science in Health Sciences \(Healthy Lifestyles Coaching\)](#)

Eligibility to sit for the [National Board Certified Health & Wellness Coaches \(NBC-HWC\)](#) is based on completing an NBCHWC-approved Health & Wellness Coach Training and Education program. This program is intended to lead to certification in any state. The Health and Wellness Coach profession is not licensed, NBC-HWCs can practice anywhere in the world as long as they are abiding by the local laws surrounding health coaching.

[Personal Fitness Training, Certificate](#)

[Sports Science and Performance Programming, BS](#)

National certification for Certified Strength and Conditioning Specialist is available through the [National Strength and Conditioning Association](#). Certification is not required for private-sector careers; however, some organizations do require certification as part of employment or for promotion purposes.

[Speech and Hearing Science, BS](#)

[Online Bachelor of Science in Speech and Hearing Science](#)

The BS in speech and hearing science degree prepares students to enter graduate programs in communication science disorders, and audiology. While the degree provides students with quality academic preparation, it does not guarantee that a student will accrue the requisite clinical hours to apply for licensure as an SLP or audiology assistant. If you have specific questions, please contact chs@asu.edu.

PROFESSIONAL LICENSURE BY STATE DEGREE PROGRAMS

Applied Science (Medical Laboratory Science), BAS [Downtown Phoenix](#)

Audiology, AuD [Tempe](#)

Communication Disorders, MS [Tempe](#)

Dietetics, BS [Downtown Phoenix](#)

Speech-Language Pathology Assistant, Certificate [Tempe](#)

PROFESSIONAL LICENSURE BY STATE DEGREE PROGRAMS

Applied Science (Medical Laboratory Science), BAS [Downtown Phoenix](#)

Curricula of the Applied Science (Medical Laboratory Science), BAS meet certification requirements of the [American Society of Clinical Pathologists \(ASCP\) for Medical Laboratory Science \(MLS\)](#) in all jurisdictions except California.
